

**SYSTEMS AND METHODS FOR INTERFACING MULTIPLE TYPES OF
OBJECT IDENTIFIERS AND OBJECT IDENTIFIER READERS TO
MULTIPLE TYPES OF APPLICATIONS**

ABSTRACT OF THE DISCLOSURE

A method for interfacing an object identifier reader to at least one application is disclosed. The method may include receiving object identifier data from the object identifier reader. The object identifier data may include information and formatting characters. The method may then involve identifying the information in the object identifier data. At least one application may then be identified to receive the information. Finally, the information may be sent to the at least one application.
